Colloquium Vilnensis is a new space for shared interdisciplinary discussion on issues related to the past, present, and future of the region. This semester, we will focus on cities as shared and contested spaces. We invite you and your colleagues to EHU for a weekly Monday colloquium to develop a deeper understanding of the theoretical framework of our work and discuss recent research projects. Furthermore, the colloquium will provide a forum for scholars from different backgrounds, cultures, and generations.
